

Our references.

At the heart of Europe, Switzerland is quick and easy to reach from all parts of the continent. It boasts an unrivalled network of public and private transport and has a well-earned reputation for safety and security. In other words, it is the ideal conference destination. While each of the ten congress centres places great emphasis on individuality and flexibility, they are all committed to quality and share a typical "Swissness".

Your quality partners.

The ten largest and most important congress centres in Switzerland have come together to form an association: Swiss Convention Centres – your Swiss partners when it comes to large events from 500 to 5,000 participants. They all have a net exhibition area of at least 1,000 sqm, with sufficient hotel accommodation in the vicinity, plus competitive accessibility. They are additionally characterised by their vast experience, solid expertise and professional approach. The ten members are located in Basel, Bern, Davos, Geneva, Interlaken, Lausanne, Lucerne, Lugano, Montreux, and Zürich.

Choice of flights: five airports connect Switzerland to the rest of the world, ensuring that every part of the country is easy to reach.

Regular trains: Swiss trains operate on a regular hourly or half-hourly timetable on all major lines – with direct services to neighbouring countries, of course.

Easy motoring: Europe's traffic arteries lead right through Switzerland, while the superbly engineered Swiss road network reaches every corner of the country.
